DO YOU INHALE?

Certainly...

7 out of 10 smokers inhale knowingly...
the other 3 inhale unknowingly

DO you inhale? Seven out of ten smokers *know* they do. The other three inhale without realizing it. *Every* smoker breathes in some part of the smoke he or she draws out of a cigarette.

Think, then, how important it is to be certain that your cigarette smoke is pure and clean—to be sure you don't inhale certain impurities!

Do you inhale? Lucky Strike has dared to raise this much-avoided subject... because certain impurities concealed in even

the finest, mildest tobacco leaves are removed by Luckies' famous purifying process. Luckies created that process. Only Luckies have it!

Do you inhale? More than 20,000 physicians, after Luckies had been furnished them for tests, *basing their opinions on their smoking experience*, stated that Luckies are less irritating to the throat than other cigarettes.

ROY ROGERS heads West via the Pennsylvania Railroad!

(Of course he "sings")

"Bawdy ballad" is far on the verge of the "modern day,"
says Roy Rogers, "King of the Cowboys." "But when it
comes around, I just a minute every now and then."
That's why ROY found room in the Pennsylvania
Railroad. When I say about a Pennsylvanian I mean
a hard, true, old-fashioned, honest-to-goodness
man and I mean to stay with you all the way!"

RESTAURANTS

"When a good meal is left, you can talk
it up, and you can't get it
back. So, when you're on the
road, take up time for the dining car
on the Pennsylvania Railroad."

RESTAURANTS

"The place is always on the Pennsylvanian.
The people are nice, and
the food is the best you'll find."

"When you're on the
road, you can't get it
back. So, when you're on the

Try a set of these.

You want good looking tires for your machine. Low Profile. Raised white letters. Makes you feel good to be noticed. An individual. But there's more to a tire than looks. Pro-Trac knows that. You see, they've got to be rugged. Safe. Smooth riding. Long lasting. So we use a special rubber compound for dry weather traction combined with "Circumferential" tread design for extra road grip in wet weather. Plus, each tire must pass our "Forced Variation" roundness test. All this adds up to a tire that will give you much more than good looks. And if that's not enough, ask your tire dealer about our Road Hazard Protection policy. It comes with each Pro-Trac tire. At no extra cost. Go ahead. Try a set.

**More vintage tobacco makes PHILIP MORRIS
so popular with younger smokers**

Gentle, more delicate in flavor...for those with keen young tastes

Why is it that Philip Morris finds special favor among younger smokers? Simply because younger smokers—with their eager, unspoiled tastes—are quick to note the likeable gentleness and delicate flavor that distinguish vintage tobacco. Do as Young America does. Enjoy Philip Morris—King Size or Regular—in the convenient Snap-Open pack.

Tangee PRESENTS

“BRIGHT 'N CLEAR”

a new shade...a true shade...a just-right-for-you shade!

My First Day With Stayfree Maxi-Pads.

Jeff and I had been planning our hiking trip for weeks. Then wouldn't you know it, I got my period. The last thing I wanted was bumpy belts and pins showing through my shorts. So I finally did it. I tried beltless STAYFREE Maxi-Pads. And was I ever glad I did.

STAYFREE Maxi-Pads have a wide adhesive strip that held the napkin right on to my panties. And it stayed in place even when I was jumping streams.

The blue moisture-proof shield covering the bottom and sides gave me the extra confidence that I wouldn't stain my khaki shorts. And believe me, I really put it to the test that day.

Thanks to STAYFREE Maxi-Pads, I felt so comfortable and secure, I kept up with Jeff like a real trouser. Too bad he forgot to pack the lunch.

They're how active women
stay active.

from smoking.
Stop smoking now!

He's one of the busiest men in town. While his door may say *Office Hours 2 to 4*, he's actually on call 24 hours a day.

The doctor is a scientist, a diplomat, and a friendly sympathetic human being all in one, no matter how long and hard his schedule.

According to a recent Nationwide survey:

MORE DOCTORS SMOKE CAMELS THAN ANY OTHER CIGARETTE

DOCTORS in every branch of medicine—113,597 in all—were queried in this nationwide study of cigarette preference. Three leading research organizations made the survey. The gist of the query was—What cigarette do you smoke, Doctor?

The brand named most was Camel!

The rich, full flavor and cool mildness of Camel's superb blend of costlier tobaccos seem to have the same appeal to the smoking tastes of doctors as to millions of other smokers. If you are a Camel smoker, this preference among doctors will hardly surprise you. If you're not—well, try Camels now.

Your "T-Zone" Will Tell You...

**T for Taste . . .

that's your proving ground for any cigarette. See if Camels don't suit your "T-Zone" to a "T."

Sugar can be the willpower you need to undereat.

When you're hungry, it usually means your energy's down.

By eating something with sugar in it, you can get your energy up fast. In fact, sugar is the fastest energy food around.

And when your energy's up,

there's a good chance you'll have the willpower to undereat at mealtime.

How's that for a sweet idea?

Sugar . . . only 18 calories per teaspoon, and it's all energy.

Three Red Banners (Chinese: 三面红旗) was an ideological slogan in the late 1950s which called on the Chinese people to build a socialist state. The "Three Red Banners" also called the "Three Red Flags," consisted of the General Line for socialist construction, the Great Leap Forward and the people's communes.^{[1][2][3]}
